(Support, Help And Really Encourage)

A Support Group for Caregivers of Children with Special Needs

Parenting a child with special needs can be a difficult journey and sometimes we need to gather with other parents experiencing similar situations and challenges to share emotional support and practical advice.

FCPS Partners for Success and FCDC Family Support Network supports a group that meets twice monthly in Frederick County. This is an opportunity for families of children with special needs to gather virtually in an informal setting to both receive and give support, and to network with other parents.

Hope to see you there!
