PLTW Biomedical Science Program at THS

PLTW Biomedical Science students are taking on these same real-world challenges as medical professionals- and they're doing it before they even graduate from high school. Working with the same tools used by professionals in hospitals and labs, students engage in compelling, hands-on activities and work together to find solutions to problems. The course consists of four hands-on courses that prepare students for a variety of careers in the biomedical sciences.

Applications for the 2023-2024 school year are now open on the school website.

Student can apply in either their 9th or 10th grade year.

Applications will be due no later than January 20, 2023 at 2:30pm.

If your student is interested in learning more about this opportunity, please have them sign up to shadow our current classes and meet with our teachers. [Click here](#) for the shadowing sign up form. We will also hold an Open House on Thursday, December 15, 2022 at 7pm.
