EARLY COLLEGE

The FCC Early College program is a way to earn an associate degree and high school diploma simultaneously by attending FCC full-time during your junior and senior years. The program was created to increase participation and completion for students from populations historically underrepresented in higher education and is open to all FCPS high school students.

Current FCPS sophomores can apply NOW until April 1st, 2023.

Members of the Dual Enrollment Team will go through the details of the Early College program and acceptance process, and they will answer questions from interested students and families.
