

NMMS Families,

Aleks is a math program that the county purchased as a way for students to receive personalized math instruction and practice. Your student has been assigned a topic goal of 5 per week. They have time to complete these topics during class when they finish work early, during ELT, and at home as homework. We are asking that you partner with us to ensure your student is completing their weekly Aleks topics.

Students can get to Aleks through their FCPS Bookmarks. FCPS Bookmarks → Clever Portal → McGraw Hill → Aleks.

If you have any questions, please feel free to reach out to your student's teacher or Emily Mitchell, math specialist, at emily.mitchell@fcps.org

***This month we are celebrating all students who reached or exceeded their topic goal of 20 or more! Congratulations! We're so proud of you!**

Top Topic Earners Per Grade

6th- Sophia Jones- 64 topics

7th- Cooper Wurster- 45 topics

8th- Gavin Bruchey- 69 topics

Athen, Logan	Diallo, Tia	Mandava, Gautam	Sauer, Atticus
