Upcoming Events:

- June 2 - Last day of school for students; 2 hour early dismissal; report cards go home

We are wrapping up a wonderful year with your children. Thank you for all of your support. We have loved teaching them this year.

End of year reading assessment data will be sent home with students. This information will be in report card envelopes.

CURRICULUM UPDATES

ENGLISH LANGUAGE ARTS

Reading: We are ending the year with a student selected biography research project. Students will use multiple sources to gather key details about their selected subject. They will then organize that information to share with others. We're looking forward to our students' projects!

Our local libraries have some wonderful summer reading programs to keep our students reading all summer. Read more about them on their websites.

Writing: Students will complete their imaginative stories. During the summer, encourage your child to write letters to friends or relatives. That's a great way to practice those writing skills in a fun way!

MATH

We will finish the year by applying the skills and concepts we have learned to solve problems. Students will solve multi-step story problems involving all 4 operations. We will also continue practicing fluency with knowing multiplication facts.

Social Studies

We are finishing our final unit in which we learned about Making a Difference. Students learned about levels of government as well as the branches of the US federal government. We also learned about Americans who made a difference in the lives of others.

PATHs UPDATES

The PATHS program teaches and reinforces many key aspects of Social Emotional Learning, shown through research to improve behavior, reduce conflict and improve academics. We have focused on solving problems and self-control.

Have an outstanding summer!
