GEMS

GAINS IN THE EDUCATION OF MATHEMATICS AND SCIENCE

WHY GEMS?

Seventy percent of GEMS students indicate greater interest in earning a STEM degree after completing a week of GEMS. Seventy-one percent of students report learning how to work creatively with others and how to turn their creative ideas into something tangible.

GEMS face-to-face participants receive a stipend after successfully completing their GEMS internship.

CLASSES?

All classes are offered in a hybrid format (combination of face-to-face and virtual unless otherwise noted). Masks must be worn while on Hood College campus and participants need to have the ability to travel to and from Hood College, located in Frederick, MD.

**APPLICATIONS OPEN
TILL APRIL 1, 2021**

**CURRENT GRADES 4
THROUGH 12**

FREE TO ATTEND
