

DRIVING SAFETY REMINDERS

In the past several months, there is growing concern about unsafe driving practices around the school during drop off and pick up times. This flyer serves as a reminder for everyone to please follow the rules of the road.

The safety of our children and community is a priority. Thank you for your help!

- **NO LEFT TURN:** There is no left turn out of the school front parking lot during drop off and pick up times. Left turns have increased significantly in the past few months causing congestion and dangerous driving. There is a sign posted specifying “No Left Turn.” Please turn **right only** and use Caledonia or Sugarloaf Pkwy to redirect to Fingerboard Rd. as needed.
- **CROSSWALK ONLY:** When walking to and from school, please use the crosswalk. Crossing the road in front of the school without benefit of a crossing guard is dangerous and contributes to traffic congestion.
- **STOP AT CROSSWALKS/CROSSING GUARD DIRECTIONS:** Please take time to stop at the cross walks when the crossing guards signal and when students are waiting to cross in front of Goddard.
- **NO U TURNS ON CARRIAGE HILL:** Do not U-Turn on Carriage Hill near the crosswalk to school. There are multiple left turns that can quickly and safely get you to Sugarloaf or Fingerboard Rd. in an efficient and timely manner.
- **NO DRIVING ON THE WRONG SIDE OF CARRIAGE HILL:** Please do not drive down the wrong side of Carriage Hill in order to bypass the line of cars stopped to allow walkers to cross the street on the cross walk by Goddard. There is no crossing guard at this location and this could easily result in a disastrous situation.

We are the Village that we all need to work together to keep our kids safe.
