A Summer of Service, Leadership, & Friendship

SUMMER SERVE

Ages 12-17

Summer Serve is designed to help young people awaken their inner leader, build their teamwork skills, meet like-minded peers, while creating positive change in their community. Participants load a bus daily and travel to local nonprofits and organizations that support the community, and physically support those spaces by volunteering and learning about what those organizations do to help their neighbors. Recreational opportunities are included such as swimming in our Y pool and going to adventure parks such as Tree Trekkers. This program is a great way to get service hours for school.

- Session 1: June 19-30
- Session 2: July 3-14
- Session 3: July 17-28
