

Addiction Awareness and Education Event

Featuring – Introduction to the Enemy by Shannon Garrett

and

Music by Local Hip Hop Rap Artist B-RAiN

Imagine if addiction could enter a room and address a group of people. Introduction to the Enemy is a performance that goes beyond imagination. For decades, this performance has been privately performed in a treatment setting, but this limited engagement will allow you to experience it for yourself. Do not miss this opportunity to be introduced, for it is past time to truly know the enemy that is addiction.
