Senior Timeline

College bound: November is when deadlines may be fast approaching. If you have applied to colleges, you must indicate that in Naviance in order for us to send necessary documents (add to "colleges I'm applying to") Remember that Early Decision is binding, Early action is not. Check deadlines to know if you are on track.

Career bound: Make sure you have listed careers you are interested in under the "Careers tab", "I'm thinking about". Remember that you can use the career cluster finder or career interest profiler to obtain a list of careers that might suit you. If you have already done this, your results can be found under the "about me" tab.
