FREDERICK COUNTY PUBLIC SCHOOLS
MARYLAND

Google Meet Recording Consent

Frederick County Public Schools staff will provide live virtual instruction as an important part of the Full Virtual Model of instruction. In the event that students are unable to attend live virtual instruction via Google Meet, these sessions or parts of these sessions will be video and audio recorded. The recorded session will be available for students who would like to review that content and instruction. We are balancing student privacy and the need for flexibility during this unprecedented pandemic.

The Frederick County Public Schools Parent Guide to Google Meet Recordings, Student Privacy and Security provides an overview of how the Google Meet recordings will be used and the methods used to ensure student privacy and security.

Please return this form to **Ashley Fisher** at **Urbana High School** by September 8, 2020. *Students without permission will be asked to turn off their camera and audio during the recorded portion of the lesson.* Our goal is to get this additional resource online and available to students as soon as possible.

Parental Consent

By my signature below, I am acknowledging I have read the Parent Guide to Google Meet Recordings, Student Privacy and Security and indicate my consent below:

☐ I give permission for my child to appear and be heard in a recorded Google Meet session.

☐ I do **not** give permission for my child to appear and be heard in a recorded Google Meet session. I understand my child can still listen and observe the class during the recording.

Student Name: _____

Parent/Guardian Name: _____

Parent/Guardian Signature: _____ Date: _____
